Dear Herb:

I am sorry it's taken so long on the albums, but we have tried to get the best quality possible on the prints.

As I said in our last phone conversation I would be delighted to have lunch with you up here in New York and show you around the Time offices.

I have a feeling that there are probably other stories down at your place and I'd like to explore those possibilities.

It has been a pleasure working with you and we have had nothing but raves on the CIA story.

Thanks again for your cooperation.

Sincerely,

John Durniak
